

# Add IntelliWriter to Your D2L Course

Go to **[Content]** and select the module where you want to insert the IntelliWriter integration. For example, add a module and give it a name such as "*IntelliWriter Access*".

1. In your new module, click on **[Add Existing Activities]**, then select **[Third-party Integrations]**.

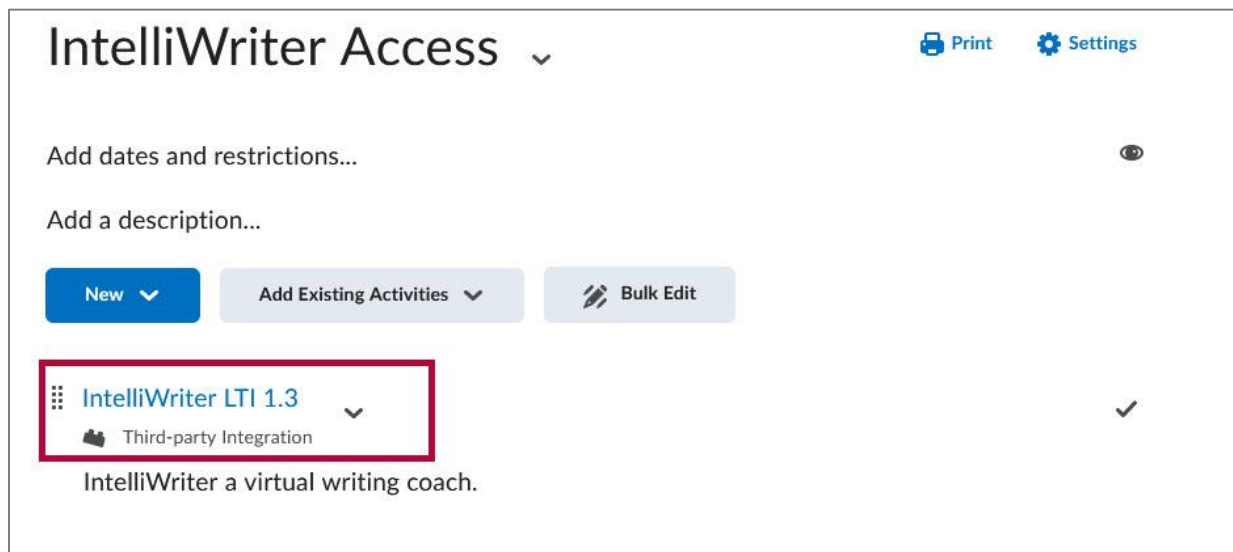

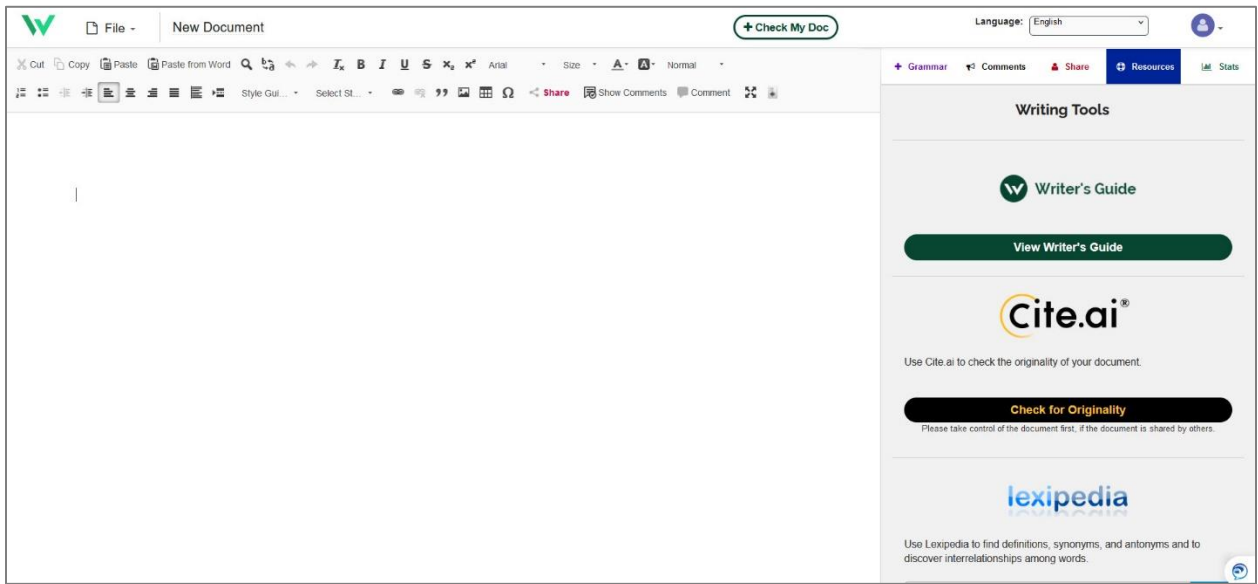

2. Click the **[IntelliWriter LTI 1.3]** link.

## Accessing IntelliWriter LTI 1.3 from D2L

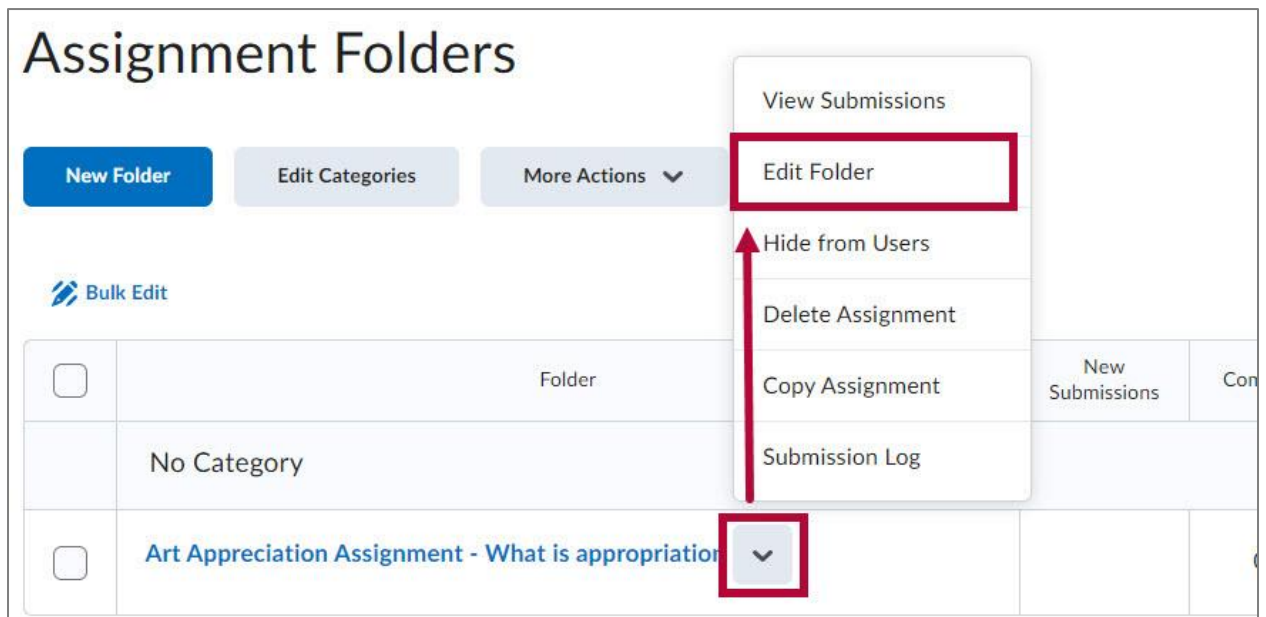

Click the **[IntelliWriter LTI 1.3]** link that you added in the steps above to access the **IntelliWriter** site.

## Adding IntelliWriter link to a D2L Assignment

1. Click on the **[Drop-down Arrow]** next to the assignment, then click **[Edit Folder]**.

2. Click on the **[Insert Quicklink]** icon.
